

Pioneer Energy Opportunity Questionnaire

Thank you for expressing interest in the Pioneer Energy Solution. For us to better understand and evaluate your needs please complete the form below. All information and data received is kept confidential.

1. Please describe your company:	
NAME:	
ADDRESS:	
PHONE NUMBER:	
YEAR OF FORMATION:	
PLEASE DESCRIBE YOUR CURRENT BUSINESS:	
TECHNICAL BACKGROUND:	
ANNUAL REVENUES:	
2. Please provide information about your experience in oil and gas service operations.	
3. Please provide a general description of the project.	

Pioneer Energy Opportunity Questionnaire

4. Gas composition data in mol % including all constituents (including H₂S, CO₂, or other species if present)

5. Available pressure (i.e. at the inlet to our machine)

6. Available gas flow in MCFD (1,000s of standard cubic feet per day).

On site power:

7. What is the electric power demand on site? How it is being met?

If by electric grid, what is the price of electricity?

If there is no grid, what alternative fuel is being used to generate the required power, and what is its price?

What other potential nearby markets are there for the electricity or dry gas produced on-site?

Pioneer Energy Opportunity Questionnaire

8. Do you have transportation available and a market for NGLs? If so, what is the price per liter?

9. We have a distillery product that can separate the mixed NGLs to LPG and condensate. If you are interested in our distillery product please provide information regarding the market and price for the LPG & condensate (hexane, pentane, etc)?

10. How do you plan to use the dry gas product? Can it be used on site, or would it need to be transported to another location? If the latter, over what distance?

11. What schedule do you need to meet?

We would like to thank you again for your interest in Pioneer Energy. If you have any further questions or comments please feel free to contact us.
